- Lexan offers a higher level of impact resistance than glass and is less rigid than acrylic.
- Wash with a mild soap or detergent and lukewarm water using a clean sponge or a soft cloth. Rinse well with water. Dry thoroughly with a chamois or moist cellulose sponge to prevent water spots.
- Never use ammonia, acetone, carbon tetrachloride, gasoline or other harsh solvents to clean, as these can cause damage
- Do not use paper towels, as they can cause scratching of the panel

Please note that orders are available via VCE delivery, UPS (additional charges will incur) or pickup at VCE's White Bark Facility. Please contact VCE Specialty Sales at (804) 887-5475.
