Workforce Development

About Us

Virginia Correctional Enterprises is a self-supporting agency established by the Virginia General Assembly over 85 years ago to employ and train inmates in the Virginia Department of Corrections. VCE's job-training programs help Virginia to post among the lowest reincarceration rates in the country.

VCE products are constructed with pride and established industry certifications and standards.

VCE's mission is to strengthen future employment opportunities and marketable skills for inmate workers through on-the-job training and work development programs, supported by the production and delivery of quality products and services to our customers. VCE workforce development programs are voluntary, inmate workers apply, interview and are accepted into a program based on a predetermined set of criteria for each program.

Preparing for a Successful Reentry

VCE Workforce Development employs strategies to improve the inmate workers' productivity in the workplace and provide the necessary skills to secure meaningful employment in the private sector upon their release from custody. VCE's workforce development programs focus on the inmate workers' ability to grow their skills and develop the tools needed for future success.

Program participants receive soft skills training through their participation in on-the-job training and classroom instruction, teaching them how to excel at communication, teamwork, time management, accountability, and lean practices.

Inmate workers learn specialized skills for modern industries, from powered industrial truck operations to AutoCAD to maintenance and sanitation solutions. This training is delivered in the form of Registered Apprenticeships, industry/vendor certification programs and workforce development programs.

- Hasp locks are available for wardrobe, wardrobe/chest combos upon request. Combination or keyed locks provided by customer.

Finishes / Color Specifications

- Unit(s) may be ordered in any of the five standard MCP/TFL colors
- Other MCCP/TFL colors may be available upon customer request but could be at a higher cost or a longer lead time.

Wardrobe Doors and Drawers

- Are available in all finishes with matching grain from top to bottom.
- Wardrobes also have chrome clothes hanger rod installed below the top shelf.
- Full length mirror mounted to inside of wardrobe door available upon request.

Hardware Colors

- Door hinges, related machine screws, and self-locking nuts are available in Starlight Silver Metallic or Black Powder coat finishes.
- Hasp locks are available in Starlight Silver Metallic or Black Powder coat finishes.
- Core locks are available in polished nickel or black matte finishes.

Metal Bases

- Every time tested TFL casing sits on a square tubular welded frame with welded in place legs for structural strength and rigidity.
- 3" high metal bases are included on every standalone Appomattox unit, available in Starlight Silver Metallic or Black Powder coat finishes.
- These bases are great insurance against any minor flooding, floor cleaning/sealing chemicals and buffer damage, while adding sturdy, elegant appeal.
- The adjustable floor levelers, included on every standalone unit metal base, allow up to 1" height adjustment.
