**CorrectPac®**

The right solution for your cleaning needs

# Our Unique System

Virginia Correctional Enterprises has partnered with **PortionPac**<sup>®</sup> CHEMICAL CORPORATION to bring you cleaning products to meet all your needs with a highly developed system that is **easy** to keep **organized** and running **efficiently**.

## Pre-measured High Concentrates

- Maximum concentrates conserve energy in manufacturing, shipping and distribution.
- Water is not added until the product is used, reducing the volume and weight of the concentrate.
- Pre-measured solutions improve performance through more accurate dilutions and also reduce the amount of solution disposed of in the waste stream.

## Less Packaging and Waste

- Concentrates come in pre-measured Pac<sup>®</sup> brand pouches, reducing waste.
- Case/Carton size is reduced, and more product can fit in less room, saving on cardboard and other packaging materials.
- Re-usable bottles made of recycled material are OSHA compliant and color-coded to match the appropriate CorrectPac<sup>®</sup> product.

# Easy to Use

The DepotPac® System delivers accurate and controlled use of materials plus offers the ability to monitor inventory and distribution. The DepotPac® container is available from VCE

1 Fill the 5 gallon DepotPac® Dispenser with water and add one Pac® brand pouch

2 Draw into spray bottles

3 **START CLEANING!**
