About VCE

Empowering Virginia — At No Cost to Taxpayers

Virginia Correctional Enterprises runs as a self-sustaining program under the Virginia Department of Corrections, delivering high-quality goods and services while receiving no state funding. Every dollar spent with VCE goes right into bolstering operations, workforce development, and community impact.

Our Mission & Impact

For over 85 years, VCE has transformed lives and strengthened communities by:

- Providing incarcerated individuals with job skills, work ethic, and credentials to succeed post-release.
- Supporting Virginia's economy through wages, local procurement, and reduced incarceration costs.
- Helping to maintain one of the lowest recidivism rates in the nation, thanks to proven training programs.

Through this mission, VCE bridges two critical goals: fulfilling procurement needs for Virginia's public and nonprofit institutions and giving returning citizens a practical path to stability and employment.

Customer Benefits: Why Virginia Agencies & Institutions Partner with VCE

When you choose VCE, you don't just get a vendor, you gain a strategic partner with built-in advantages:

- Streamlined procurement — No need to navigate additional bidding processes.
- Full-service delivery — From design to installation, we manage every step.
- No SWaM penalty — Purchases from VCE *do not count against* agency SWaM goals.
- Assured quality — All products are built to industry standards and certifications.
- Positive social impact — Every dollar supports recidivism reduction and workforce development.

Who We Serve

VCE may sell to:

- Virginia state agencies, departments, and authorities
- Virginia universities, colleges, and community colleges
- Virginia K–12 public school systems
- Virginia municipalities, counties, and first-responder agencies
- Virginia state hospitals, museums, and non-profit organizations

Ink & Toner Cartridges

VCE helped the Commonwealth of Virginia save over \$742,000 by offering high-quality remanufactured ink and toner cartridges at prices lower than state contracts. By choosing VCE's remanufactured products, agencies not only reduced costs but also contributed to a more sustainable Virginia. Each remanufactured cartridge diverts waste from local landfills, reducing environmental impact and supporting a circular economy. *Smart Savings. Sustainable Impact. Virginia's Future.*
